So we’ve started off the year pretty chilly! Closed on this first day of February due to an impending storm. I thought they said that it was going to be light in the snow department this Winter? So much for that. Vaccines are rolling out (somewhat slowly as anyone who has tried to make an appointment has discovered lol.) But hopefully we’ll be able to get Covid-19 under control soon and start to get back to more normal living. We miss having programs in the library and seeing all of you on a regular basis!

Please take advantage of the databases we have either for entertainment or school/work and check out more pictures of the new library’s progress!
